

Sprint 1:

User Stories Implementation:

1. User Account: I want to be able to either sign in with my email, or with my Google account
2. Delete Account: As a user who is no longer using the app, I want to permanently delete my account
3. Mobile App: As a user in a group of people, I want to be able to split a bill among the group using a mobile app

Development Platform:

- Firebase : user controls & management
- Ionic : Web/Mobile app development

Scrum Sheet:

- Trello
